INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Economic Development Corporation

Opinion

We have audited the financial statements of Economic Development Corporation (a nonprofit organization), which comprise the statements of financial position as of December 31, 2024 and 2023, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Economic Development Corporation as of December 31, 2024 and 2023, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Economic Development Corporation and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Economic Development Corporation's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Economic Development Corporation's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Economic Development Corporation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 14, 2025 on our consideration of the Economic Development Corporation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Economic Development Corporation's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Economic Development Corporation's internal control over financial reporting and compliance.

ECONOMIC DEVELOPMENT CORPORATION
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

1. NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

The Economic Development Corporation (EDC) was incorporated under the Not-For-Profit Corporation Law in New York State in November 1992. In May 2006, the Organization's name was changed from Warren County Economic Development Corporation to Economic Development Corporation (EDC). EDC was formed to plan and promote, and if necessary, to coordinate and execute programs in the Warren County region of New York aimed at improving the quality of life of its residents by enhancing and diversifying the economy of the region by attracting new industry and/or by encouraging the development of, or retention of, such businesses within the Warren County region.

The Regional Counties Economic Development Loan Fund

During 2017, the Regional Counties Economic Development Loan Fund (the Fund) began operations under a collaborative agreement between EDC and Lake Champlain Lake George Regional Planning Board (LCLGRP). The revolving loan fund of up to \$500,000 will provide loans ranging from \$15,000 to \$225,000 for small to mid-sized businesses within the geographic region which includes Warren, Washington, Franklin, Essex and Clinton Counties. EDC and LCLGRP will each facilitate loans depending on the geographic area the potential borrower operates in as well as the nature of the loan.

Financial resources for the Fund will come from a grant of up to \$250,000 from Empire State Development (ESD). The grant from ESD requires matching funds of up to \$250,000, which will be provided by a group of four (4) participating banks (Banks), each providing loans representing 25% of the required match. The loans from the Banks will be issued to EDC. Financing provided by ESD grants will not have to be repaid. However, as payments are received, EDC will be required to re-loan repayments attributable to ESD grant to new borrowers. As payments are received from borrowers, EDC will be required to make semi-annual payments to the Banks of principal and interest at the WSJ rate per annum. NY Business Development Corporation (NYBDC) will be retained to provide certain administration and portfolio services which will include underwriting, application and loan payment processing. Applications will be reviewed and approved, or denied, by a Loan Review Committee consisting of representatives from EDC, LCLGRP and the Banks.

EDC and LCLGRP will be required to participate in a loan loss reserve fund in an amount sufficient to cover one year's principal and interest payments when there are outstanding loans.

For the years ended December 31, 2024 and 2023, no loan applications have been received and there are no loans outstanding.

Basis of Accounting

EDC prepares its financial statements on the accrual basis of accounting whereby revenues are recognized when earned and expenditures are recognized when incurred.

ECONOMIC DEVELOPMENT CORPORATION
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

1. NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The financial statements of EDC are presented in accordance with ASU 2016-14, *Not-for-Profit Entities (Topic 958): Presentation of Financial Statements for Not-for-Profit Entities*.

Net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of EDC and changes therein are classified and reported as follows:

Without donor restrictions - Net assets that are not subject to donor-imposed stipulations.

With donor restrictions - Net assets subject to donor-imposed stipulations that may or will be met either by the actions of EDC and/or the passage of time and net assets subject to donor-imposed stipulations that they be maintained permanently by EDC.

At December 31, 2024 and 2023, EDC had no net assets with donor restrictions.

Revenue Recognition

Membership seeks to advance economic development opportunities. Membership dues are recognized over the term of the membership (calendar year). For all membership agreements, the performance obligation (term of membership) is for one year. Dues received in advance for the following year are reflected in deferred membership dues in the accompanying statement of financial position. Certain memberships are provided in exchange for goods and services and are measured at fair market value.

EDC's government grant revenue is generated from agreements with various municipalities. Governmental grants are considered non-exchange transactions and are reported as increases in net assets without donor restrictions as the associated barriers are overcome, which generally is furnishing economic and community services. EDC's performance obligation relating to the governmental grants relates to agreements all with durations of one year or less. As a result, EDC is not required to separately disclose aggregate amounts of unsatisfied (or partially satisfied) performance obligations as of the end of the year.

Payments received in advance of the grant conditions being met are considered to be a liability and are reported on the statement of financial position as refundable advances.

The most significant revenue derived from these agreements is with Warren County through which EDC receives reimbursement of its operating expenses, not to exceed the agreement amount. During the years ended December 31, 2024 and 2023, respectively, approximately 71% and 67% of EDC's government grant revenue were derived from the agreement with Warren County, and approximately 19% and 22% were derived from the agreement with the Town of Queensbury.

ECONOMIC DEVELOPMENT CORPORATION
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

1. NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES

Revenue and Support Without and With Donor Restrictions

Contributions received are recorded as without donor restrictions or with donor restrictions depending on the existence and nature of any donor restrictions. Support that is restricted by the donor is reported as an increase in net assets without donor restrictions if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in net assets with donor restrictions.

Property and Equipment

Property and equipment are recorded at cost. For financial statement purposes, depreciation and amortization is computed using the straight-line method over the estimated useful lives of the assets involved.

Estimated useful lives of related assets are as follows:

	<u>Years</u>
Furniture and equipment	3 - 6
Software and website design	4

Expenditures for major renewals and betterments that extend the useful lives of property and equipment at a cost of \$2,500 or greater with a minimum useful life of 12 months or more are capitalized. Expenditures for maintenance and repairs or purchases of equipment with a cost of \$2,500 or less or with a useful life of less than 12 months are charged to the appropriate expense as incurred.

For the years ended December 31, 2024 and 2023, depreciation and amortization expense was \$3,221 and \$6,876, respectively.

Land and Land Development Costs

Land and land development costs represent land and improvements held by EDC to further its mission of developing industrial parks and other real estate to attract new business and industry to Warren County. Land and land development costs are stated at cost.

Accounts Receivable and Allowance for Credit Losses

Historically, there is no accounts receivable for membership revenue. Receivables from local governments are accounted for under contribution guidance and therefore, management has determined that an allowance for credit losses is not necessary. Accounts receivable consisted of the following for the years ended December 31, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
Receivables from local governments	\$ 168,668	\$ 65,788
Other receivables	-	250
	<u>\$ 168,668</u>	<u>\$ 66,038</u>

For the years ended December 31, 2024 and 2023, there was no credit loss expense.

ECONOMIC DEVELOPMENT CORPORATION
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

1. NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes

EDC is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for income taxes has been provided for in these financial statements. In addition, EDC qualifies for the charitable contribution deduction under Section 170(B)(1)(a)(6) and has been classified as an organization that is not a private foundation under Section 509(a).

The tax status of tax-exempt entities is an uncertain tax position, since events could potentially occur that jeopardize tax-exempt status. EDC believes that income tax filing positions will be sustained upon examination and does not anticipate any adjustments that would result in a material adverse effect on EDC's financial condition, results of operations or cash flows. Accordingly, EDC has not recorded any liabilities, or related accruals for interest and penalties for uncertain income tax positions at December 31, 2024.

Advertising, Marketing and Promotion

EDC expenses advertising, marketing and promotion costs as they are incurred. These costs for the years ended December 31, 2024 and 2023 were \$49,218 and \$46,867, respectively.

Cash Equivalents

For purposes of the statement of cash flows, EDC considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Investments

Investments consist of U.S. Treasury Notes and U.S. Treasury Bills, all investments are carried at fair value.

2. CONCENTRATION OF CREDIT RISK

EDC maintains its cash balances with several financial institutions. The accounts at these institutions are insured by the Federal Deposit Insurance Corporation (FDIC). At times during the year ended December 31, 2024, the account balances at these financial institutions exceeded the federally insured limits. The risk is managed by maintaining all deposits in high-quality financial institutions.

ECONOMIC DEVELOPMENT CORPORATION
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

3. LEASES

EDC leases a copier and office space. Terms of the leases vary from five to six years. None of the leases provide renewal or termination options at the sole discretion of EDC. The incremental borrowing rate utilized to calculate lease liabilities is based on a practical expedient using the risk free rate at commencement date, as the leases do not provide an implicit borrowing rate. EDC's operating leases do not contain any material guarantees or restrictive covenants. EDC does not have any sublease activities. These leases are included in the right-of-use assets-operating leases and operating lease liability in the accompanying statements of financial position.

EDC incurred lease expense for operating leases with terms in excess of one year of \$44,100 and \$44,112 for the years ended December 31, 2024 and 2023, respectively, which is included in rent and equipment lease and maintenance on the statement of functional expenses. Total cash paid for the amounts included in the measurement of operating lease liabilities during the years ended was \$41,340 and \$41,340 for rent, and \$2,818 and \$2,772 for equipment, respectively.

At December 31, 2024, future payments under the lease liabilities were as follows:

	<u>Operating</u>
2025	\$ 42,030
2026	41,340
2027	41,340
2028	3,445
2029	-
Thereafter	-
Less: present value discount	(115)
Total Present Value of Lease Liabilities	<u><u>\$ 128,040</u></u>

The right-of-use assets obtained in exchange for new operating lease liabilities were \$-0- for both years ended December 31, 2024 and 2023.

Other information related to leases is as follows:

	<u>2024</u>	<u>2023</u>
Weighted average remaining lease term	3.07 years	4.03 years
Weighted average discount rate	0.06%	0.06%

Short term leases, defined as leases with initial terms of 12 months or less, are not reflected in the accompanying statements of financial position. There were no short-term leases for both years ended December 31, 2024 and 2023.

ECONOMIC DEVELOPMENT CORPORATION
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

4. RETIREMENT PLAN

EDC has a retirement plan in the form of a simplified employee pension (SEP) plan, to which EDC is required to make annual contributions on behalf of eligible employees. For the years ended December 31, 2024 and 2023, EDC made a contribution for eligible employees in the amount of \$28,152 and \$29,707, respectively.

5. CONTINGENCIES

EDC's contracts for services are subject to audit by the funding sources at their discretion. Such audits could result in claims against EDC for disallowed costs. EDC's management believes such claims, if any, which may arise, would be immaterial. As such, no provision for potential claims has been made in the financial statements.

6. FUNCTIONAL EXPENSES

Directly identifiable expenditures are charged to EDC's program for economic development or general and administrative services which includes costs associated with compliance and reporting under New York State's Public Authorities Accountability Act. Expenses related to program support general and administrative including depreciation, dues, IT and telephone, equipment lease and maintenance, office expenses, rent, payroll and benefits are allocated based on roles and responsibilities of various staff members.

7. BOARD DESIGNATED NET ASSETS

EDC's Board of Directors designated certain net assets be set aside for specific purposes. At December 31, 2024 and 2023 these designated funds had balances as follows:

	<u>2024</u>	<u>2023</u>
Operating Reserve	\$ 241,473	\$ 241,473
Property Carrying Costs	110,660	110,660
Queensbury Project Fund	137,433	137,433
Regional Loan Fund	50,303	50,303
Broadband	-	30,000
Unassigned	30,000	-
	<u><u>\$ 569,869</u></u>	<u><u>\$ 569,869</u></u>

The designated funds were established for the following purposes:

Operating Reserve was established to cover cash-flow shortfalls that may arise due to reliance on a majority of EDC's funding through local municipalities.

Property Carrying Costs was established to cover the carrying costs of real property.

Queensbury Project Fund was established to cover projects specific to the Town of Queensbury outside of the scope of the annual service agreement.

ECONOMIC DEVELOPMENT CORPORATION
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2024 AND 2023

7. BOARD DESIGNATED NET ASSETS

Regional Loan Fund was established to cover EDC's portion of a loan loss reserve for the regional loan fund.

Broadband was established to cover projects related to Broadband connectivity in Warren County.

Unassigned is for future projects as determined by the Board of Directors.

8. AVAILABLE RESOURCES AND LIQUIDITY

The EDC regularly monitors liquidity required to meet its operating needs and other contractual commitments, while also striving to maximize its available funds. For purposes of analyzing resources available to meet general expenditures over the 12-month period, EDC considers all expenditures related to its ongoing activities of economic development as well as the conduct of services undertaken to support those activities to be expenditures.

In addition to financial assets available to meet general expenditures over the next 12 months, EDC operates with a budget and anticipates collecting sufficient revenue to cover general expenditures.

EDC's governing board has designated funds for specific purposes. Those amounts are identified as board designated net assets in Note 7. In the event the need arises to utilize the board designated funds for liquidity purposes, the reserves could be drawn upon through board resolution.

At December 31, 2024 and 2023, the following reflects the total financial assets held by the EDC and the amount of those financial assets that could readily be made available within one year of the statement of financial position date to meet general expenditures.

	<u>2024</u>	<u>2023</u>
Financial assets as of December 31	\$ 712,103	\$ 691,605
Less: Amounts set aside for board designations	<u>569,869</u>	<u>569,869</u>
	<u><u>\$ 142,234</u></u>	<u><u>\$ 121,736</u></u>

9. INVESTMENTS

Fair Value Measurement of Financial Instruments

Generally accepted accounting principles establishes a framework for measuring fair value. That framework provides for a fair value hierarchy that prioritizes the inputs in valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The asset's or liability's fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used at December 31, 2024.

DECEMBER 31, 2024 AND 2023

9. INVESTMENTS

Fair Value Measurement of Financial Instruments

Investments in Money Market, Certificates of Deposit, U.S. Treasury Notes, and U.S. Treasury Bills are valued based on factors such as maturity dates and interest rates.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the EDC believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instrument could result in a different fair value measurement at the reporting date.

Fair values of assets measured on a recurring basis at December 31, 2024 and 2023 are as follows:

<u>2024</u>	<u>Fair Value</u>	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
U.S. Treasury Notes	\$ -	\$ -	\$ -	\$ -
Money Market	203,556	-	203,556	-
U.S. Treasury Bills	63,832	-	63,832	-
Total Assets at Fair Value	<u>\$ 267,388</u>	<u>\$ -</u>	<u>\$ 267,388</u>	<u>\$ -</u>

<u>2023</u>	<u>Fair Value</u>	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
U.S. Treasury Notes	\$ 62,262	\$ -	\$ 62,262	\$ -
U.S. Treasury Bills	189,064	-	189,064	-
Total Assets at Fair Value	<u>\$ 251,326</u>	<u>\$ -</u>	<u>\$ 251,326</u>	<u>\$ -</u>

Investment earnings are reflected in the accompanying financial statements and consist of realized and unrealized gains and losses and interest income.

9. INVESTMENTS

Fair Value Measurement of Financial Instruments

Disclosures relating to risk and type of investments as presented above are indicative of the activity and the positions held during the year.

Risks and Uncertainties with Investments

The EDC invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes could materially affect the amount reported in the statement of financial position.

10. SUBSEQUENT EVENTS

Management has evaluated events subsequent to the statement of financial position date of December 31, 2024 through March 14, 2025 which is the date these financial statements were available to be issued, and has determined that there are no subsequent events that require recording or disclosure.
